

CTSA Description to be used by CTSA Consortium in communication forums

The (institutional CTSA) is one of 39 medical research institutions working together as a national consortium to improve the way biomedical research is conducted across the country. The consortium, funded through the [Clinical and Translational Science Awards \(CTSA\)](#), shares a common vision to reduce the time it takes for laboratory discoveries to become treatments for patients, and to engage communities in clinical research efforts. It is also fulfilling the critical need to train the next generation of clinical researchers. The CTSA initiative is led by the [National Center for Research Resources](#) at the [National Institutes of Health](#).
