

**Moving Forward with the IRB Quality Review
September 1, 2010 – 12:00-1:00PM ET**

Agenda

<u>Topics:</u>	<u>Presenter:</u>	<u>Time:</u>
Is IRB review still seen as a factor that may be slowing translational research or are there other reasons to be concerned about the influence of IRB review on translational research? In other words, from the CTSA's perspectives, does IRB review present challenges that need to be addressed? If so, what are these challenges?	Nick Steneck (Chair)	12:00
Are these concerns about the quality of the IRB process and decisions? If so, what are these concerns? Publication from 2009 CRM Workshop – Next Steps		12:20
[new] Are there ethical issues that are specific to the role of IRBs in translational research that CRE KFC can help with?		12:35
[new] What is the best way for our respective groups to keep in touch on a regular basis? <ul style="list-style-type: none"> • When should the meeting take place? • Who should be included? • Who should develop the agenda? 		12:50
Recap of Action Items	Kevin Batista	12:55
Adjourn		1:00
