

**Sharing Pilot Program Best Practices**  
**Teleconference**  
January 13, 2010  
12:00-1:00pm ET

**Agenda**

- I. Welcome & Introductions
- II. Presentation of key questions
- III. Overview of one CTSA's "lessons learned"
- IV. Group discussion of process as envisioned
- V. Brief summary of suggested "best practices"

**Webinar Objectives**

- I. Oregon Clinical & Translational Research Institute (OCTRI), a CTSA institution, will share a collection of "lessons learned" from their pilot program and provide a brief overview of the process as envisioned
- II. Key questions will be posed so other institutions can share insights from their own experiences and consider new ideas to implement as part of ongoing process improvement
- III. Main topics for exploration and discussion include
  - a. follow-on funding strategies
  - b. monitoring of translational progress
  - c. types of post-funding support
- IV. Goal: Suggestions for "best practices"
